300Tdi '96-98 RNN220 \$ 99.95

Petrol/Diesel '93-95 RNS723 \$ 119.95

# Restoration Parts for Land Rover DEFENDER

For owners who intend to keep their Land Rover forever, we are excited to offer you our new selection of original manufactured galvanized chassis. The foundation of any great Land Rover. No component better exemplifies

Land Rover strength, no component more effects its value. So we have started with the best.

Our entire range of Defender chassis are assembled on factory jigs to ensure exacting dimensional accuracy. Bare units are then enhanced with features unique to NAS Defender. This allows us to offer you a direct replacement for early NAS vehicles with all the improvements found on latest Puma models. Then each chassis is hot dipped galvanized to ensure a lifetime of corrosion resistance.

Experience has taught us that one chassis does not fit all. Some owners want to restore their Land Rover to original factory condition and some building their ultimate Land Rover, want to fit other engines or bodies offered by Land Rover. So we have taken our most requested chassis models to create this selection for you.

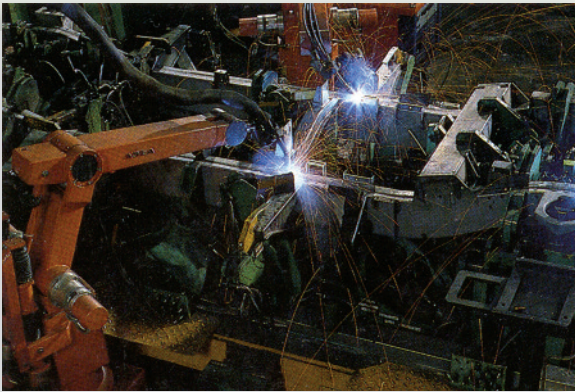

In addition to our NAS chassis selection we also offer original manufactured replacement bulkheads for NAS 90s and galvanized replacement foot well panels for both NAS 90 and 110 to help solve your corrosion issues.

Please feel free to contact us with questions and for product advice. The entire range of Land Rover Genuine Parts is available through Rovers North. We have lots of knowledge and experience to share and look forward to helping you with your next project.

*Andrea and Mark Koberney*

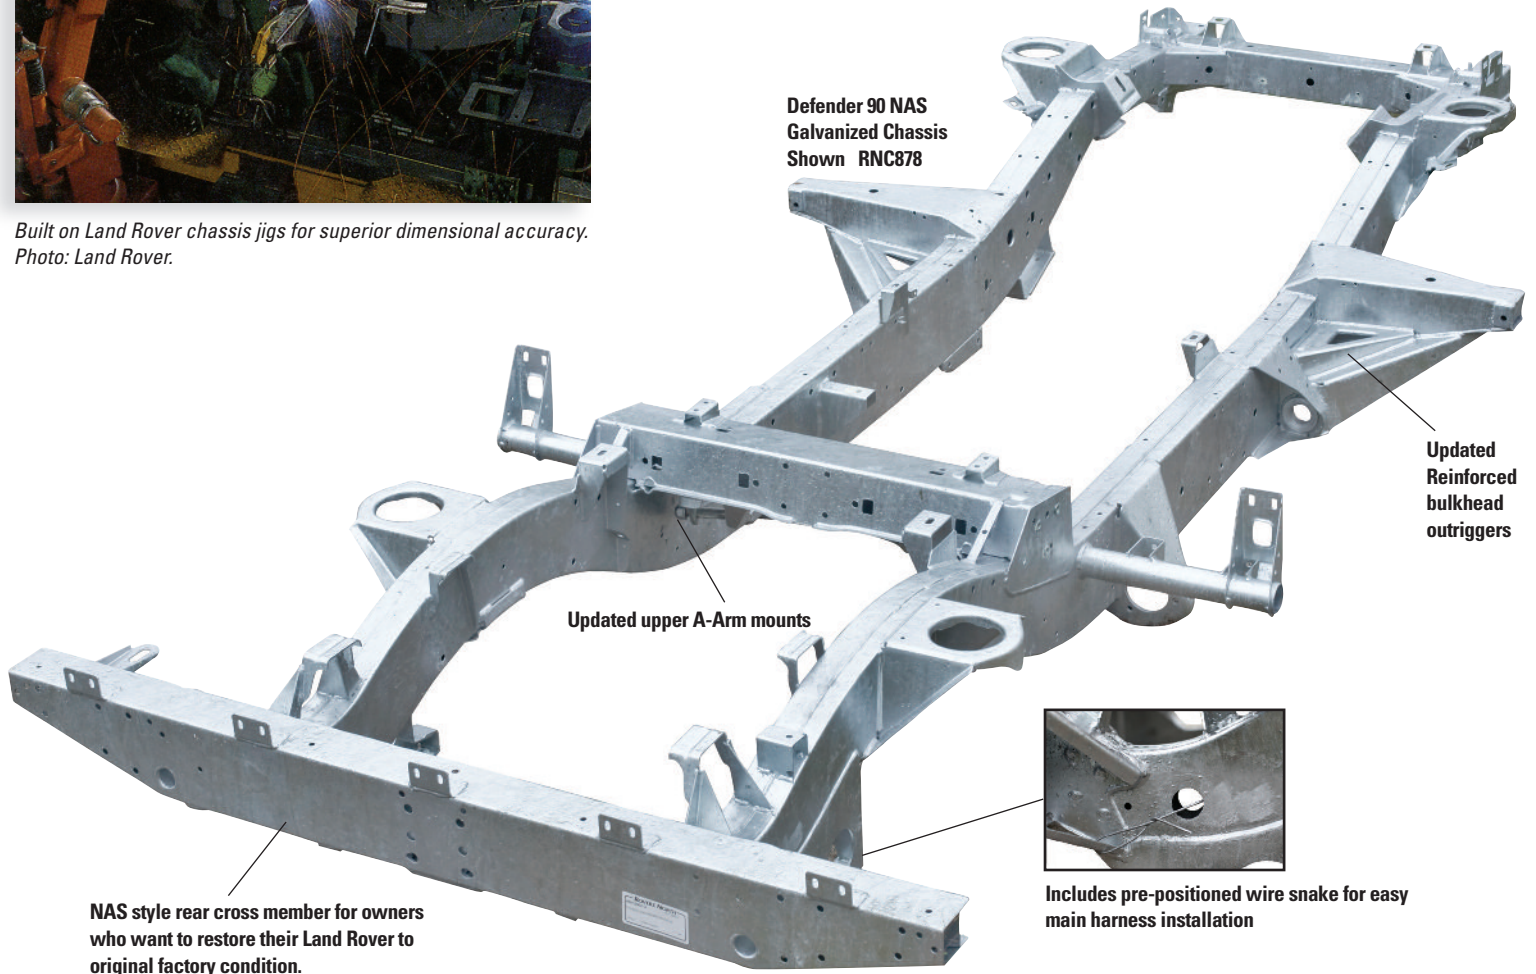

*North America's number one choice for chassis selection at Rovers North.*

## Land Rover Defender Restorations

**Introducing our new range of galvanized chassis for Land Rover Defender.** Built on factory jigs for dimensional accuracy and hot dipped galvanized for a long corrosion resistant life. Start with a superior chassis and Genuine replacement parts to restore your Land Rover Defender, only from Rovers North.

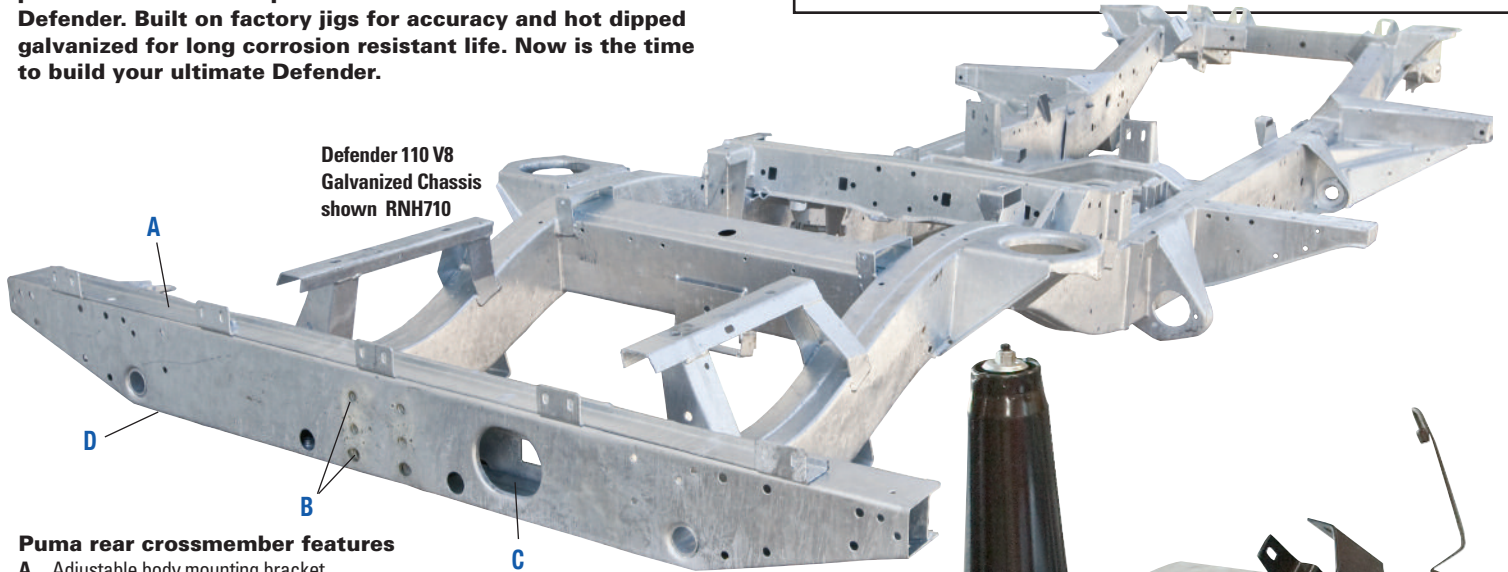

# Chassis - DEFENDER

All our chassis are shipped via truck freight and are built to travel. You will be contacted with actual freight charges prior to shipping.

Introducing our new selection of Defender galvanized chassis, packed with all the improved features found on the latest Defender. Built on factory jigs for accuracy and hot dipped galvanized for long corrosion resistant life. Now is the time to build your ultimate Defender.

Defender 110 V8 Galvanized Chassis shown RNH710

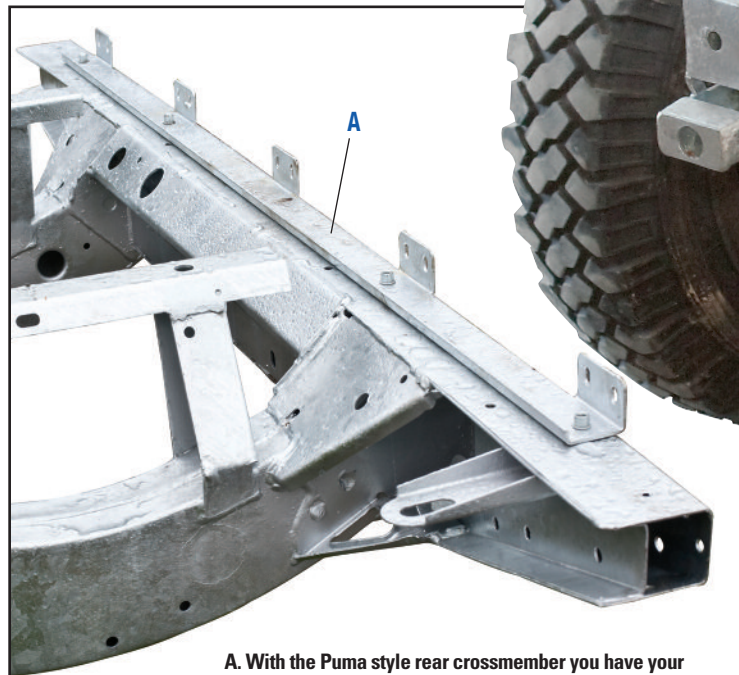

### Puma rear crossmember features

- A. Adjustable body mounting bracket.
- B. Integral fixing nuts for tow plate - for easy mounting.
- C. Recessed mounting for towing plug - for better protection.
- D. Bottom mounting blocks for rear NAS step.

### NAS rear crossmember

Optional on 90 chassis, as fitted to NAS Defenders.

A. With the Puma style rear crossmember you have your choice of 2 types of adjustable rear body mounting brackets. Exterior mount tabs (shown) RNS237G Interior (hidden) mount tabs with captured nuts RNS238G

### All Rovers North Galvanized Defender Chassis are supplied with...

- Your choice of adjustable rear body mounting bracket on chassis ordered with Puma rear crossmember
- Galvanized gearbox crossmember to match your engine type (V8, 200Tdi/NA, 300Tdi)
- Updated rear top link bushings
- Pre-positioned wire snake for easy main harness installation

# BUILD YOUR ULTIMATE DEFENDER

[www.roversnorth.com](http://www.roversnorth.com)

Our new website makes it easy to find all the parts you need.

- Detailed Order Status
- Real Time Stock Availability
- Easy Shipping Calculator
- Track Shipments
- View web & phone orders
- View and print invoices
- Enhanced "Save Your Cart" Feature
- Many New Technical Diagrams
- Manage Your Rovers Magazine & Email Subscriptions Online

• **Introducing "Your Rover Garage"**  
Store information about your vehicles to ensure a perfect fitment on each order. Keep track of your model, VIN and modification notes.

• **Detailed Kit Component Viewer**  
Get a detailed look at what each kit contains, with links to explore the kit items individually. Includes real time stock availability.
