## Old Man Emu Spring Installation

A set of Old Man Emu springs consist of 4 different springs, with a definite top and bottom. Identify as follows:

1. The front and rear springs should be identified by part number.
2. Left hand and right hand side springs are labeled as follows: PS = Passenger or right side  
DS = Driver or left side
3. The top of each spring is determined by the group of tightly wrapped coils. The coils closest together are the top.
